THE HORNET

1964

Presented by the

HORNET STAFF

of

EAST CENTRAL HIGH SCHOOL
Pascagoula, Miss.

FOREWORD

The pathways through high school are memorable ones. We hope that through this book, we have portrayed a span of these pathways to the future upon which each of us travels.

Education is in itself a wide and heavily traveled pathway. There are many forks in this pathway - each leading to some goal set by those who are traveling upon it.

Just as some roads are unpaved, so are some pathways to success unpaved. There are many rough and threatening sections. However, if the goal is kept in view, all difficulties can be surmounted, and the pathway will have served its purpose of furnishing a means of guidance.

We are proud of our faculty who are the guideposts along our pathway through high school. Without them our trek would be futile.

With all these things in mind, and with deep appreciation to our parents, teachers, and friends, we present to you the

1964 HORNET

DEDICATION

MRS. RUTH V. DOGGETT

We, the graduating class of "1964" respectfully dedicate our yearbook to Mrs. Ruth V. Doggett. Patience and understanding are only part of her contributions to the success of our class.

She has always been ready to extend help and advice during our most difficult and formulative years. For her devotion and guidance to our class, we will always be grateful.

PRINCIPAL'S MESSAGE

If the school is better because of you, you are a successful student; if it is worse because of you, you are a failure.

Every normal student wants to be popular, to be appreciated. But appreciated for what? For lacking morality to buck the crowd when the crowd is headed in the wrong direction? For lacking courage to stand for what is right, against the mob? Pontius Pilate, to be popular, let the mob kill their best friend. Columbus defied his crew and refused to turn back, but he discovered a new world.

Robert E. Lee refused command of the Union Army to do his duty as he saw it to Virginia and his people, although he knew from the beginning it was a lost cause. Moses took the hard road and died in the wilderness, but God gave him a mountain-top to die on. He will remain there forever.

May I encourage you to climb your mountain in order that you too may be a success.

Sincerely yours,

THURMAN H. HOWELL

A stylized, geometric illustration of a graduation cap and gown. The cap is a dark gray trapezoid with a white tassel hanging from its center. It is set within a white rectangular frame, which is itself inside a larger gray trapezoid. The entire design is framed by a black horizontal band at the top and bottom, with white geometric shapes on the sides. The word "SENIORS" is written in white, bold, sans-serif capital letters on the black band.
